### CHAIRMAN'S MESSAGE

Hello again, here I am still Chairman and still enjoying myself.

I am pleased to say that things in the shop are doing well, mostly due to John Green the Trading Secretary and our willing helpers to whom we owe a large vote of thanks for all their hard work and efforts.

Which is more than I can say about our Flower and Vegetable Shows. I would very much like to see more members entering the classes. My wife and I entered and if we can win a few prizes then anyone can do it.

I am pleased to say that decorating of the ladies and gents toilets and the hall has now been completed.

We have about 1000 members and I would like to see a lot more of you using the shop which is now open Saturday Sunday and Wednesday.

My very best wishes to all members and good luck for the 2011 growing season.

FRED SMITH

## SECRETARY'S REPORT

Well hello there, yes another spring is upon us and a new season of gardening, with all the trials and tribulations that this great hobby brings to us all.

Again, we have been subjected to a very cold winter, and it will be interesting to see which plants have been able to pull through, as I am sure a lot of plants took a bashing last year so may have not been strong enough to survive another harsh winter.

Certainly driving around there are a number of palms which have now completely shed their canopies, and some trunks now are a sticky mess, so will be sadly missed.

The Society held its 58<sup>th</sup> AGM in February, with a few changes to the committee.

Chrissie Smith stood down from the committee as Secretary, and I have now taken over this role, and everything that gets thrown in with it. I would again like to thank Chrissie for the work that she has done for the society in her time as Secretary for the club.

There were also two other committee members who stood down this year, and I am sure they will not mind just being called by their Christian names. They were Mabel and Albert, who are very well known within the society. Both these people have devoted many hours to the society, Mabel with her quiz nights and food and Albert for his tireless work with the shop etc. I would like to mention that although they have both stood down, they are still very much in the forefront of their specialities for the society.

The committee thanked all those who stood down this year, by presenting a potted Orchid to Chrissie, a basket of fruit to Mabel, and also a certificate of thanks to Albert for his long service and dedication.

There was one new addition to the committee this year who is Kim Ashton. Kim took up a small apprenticeship last year at the committee meetings to test the water so to speak, and decided to take the plunge at the AGM. Welcome Kim.

If you have an interesting topic on a Gardening theme or been on holiday to a plant paradise with pictures to share, please contact [the Secretary](#).

## HOW GREEN IS YOUR GARDEN?

Many gardeners have deep concerns about the environment in which we live and in particular, the use of chemicals, fertilisers and peat. Because of these concerns they garden and grow crops organically.

With this in mind, we are searching for organic gardeners among the members who would be interested in writing occasional or regular pieces for the Newsletter and website.

Like to help? Leave your name with any Committee Member at the Shop or at any Group meeting or contact

## MARATHON 'WINNER'

CONGRATULATIONS to Trevor Figg and his wife Ann for completing the Virgin London Marathon on 17 April 2011 in less than comfortable conditions.

Trevor and Ann joined the 30,000 other runners for their big day and succeeded in completing the course.

Trevor's time was 4 hr 20 min and when asked how he feels now he's achieved his goal, said "Well worth doing!"

I would like to take this opportunity to tell you about my project which I have called -

### Moving on 2011

The aim is to increase membership, shop sales, provide publicity, increase interest in the clubs groups and shows etc.

As in many society's not just in Crawley but nationwide, there is a decline in interest to such groups, which is a great pity, and it is only a small percentage of people who keep these groups alive and semi-thriving. Our Society is fairly lucky at the moment as we have a fairly buoyant membership of just over a thousand people, but we need to seek more.

My aim for this year is to form a sub-committee to look at the issues mentioned and seek a way of **Moving on**.

If any of you would like to contribute to this project in ways of suggestions, ideas, past experiences, It would be greatly appreciated. I can be contacted personally, email, letter, telephone, and would love to hear from you. Don't Forget. It's your society, it's what we all make it.

We'll have a good year everyone, let's hope the weather is more kind to us, for the rest of the year. Hope all your projects go well.  
TREVOR FIGG

Have you heard of the garlic diet?  
You don't lose much weight, but from a distance your friends think you look thinner

I have a rock garden. Last week three of them died.

My wife said that if I buy any more plants she would leave me.  
Damn! I'm going to miss that woman.

Botanists have developed a vegetable that eliminates the need to brush your teeth.

Bristle sprouts  
What gets bigger the more you take away?  
A hole.

Hard work doesn't harm anyone,  
but I do not want to take any chances

Bulb: potential flower buried in autumn, never to be seen again.

Gardening requires lots of water- most of it in the form of perspiration.

Why are husbands like lawn mowers?  
They are difficult to get started, emit foul smells,  
and don't work half the time.
